

# Mad Man

## The Wanted

Oh, I'll let go,  
I'll fight for you until I drop  
So get ready,  
My love is steady  
It won't slow  
And it won't stop

Maybe I'm a mad man  
Maybe I'm a bad, bad, bad, bad man  
But you won't see a sad man  
When you're looking at me

They can call me crazy  
But what good is a life behind the door,  
And I've been living lately  
When you're looking at me

Oh, I'll let go,  
I'll fight for you until I drop  
So get ready,  
My love is steady  
It won't slow  
And it won't stop

It's like my nerves are set on fire  
It's like a fuse growing in my brain  
The sun is rising and we're not tired  
We'll be dancing on for days

Maybe I'm a mad man  
Maybe I'm a bad, bad, bad, bad man  
But you won't see a sad man  
When you're looking at me

And I feel so amazing  
We're vibing on a higher atmosphere  
And you can call me crazy  
But it's so beautiful from here

Oh, I'll let go,  
I'll fight for you until I drop  
So get ready,  
My love is steady  
It won't slow  
And it won't stop

It's like my nerves are set on fire  
It's like a fuse growing in my brain  
The sun is rising and we're not tired  
We'll be dancing on for days

And I feel so amazing  
We're vibing on a higher atmosphere  
And you can call me crazy  
But it's so beautiful from here
