She aims a smile with the safety off And she's not afraid to use it She holds my gaze just long enough For me to feel like I'm gonna lose it

And I know that she knows
That I know what she's doing to me
And she knows when she calls
I'll fall for her every time

Cause I'm wrapped I'm wrapped around Your perfect little finger And I'm trapped inside the cell Of every sound she makes She is my weakness, she is my weakness

A look from her is like oxygen How would I keep breathing without her She breaks a whole as she looks away Now my heart ain't beating without her

And I know that she knows
That I know what she's doing to me
And she knows when she goes
I'll come for her every time

Cause I'm wrapped I'm wrapped around Your perfect little finger And I'm trapped inside the cell Of every sound she makes She is my weakness, she is my weakness

I know it might sound crazy
But I don't wanna let go
Now I don't mind spending every night if you don't let go

I know it might sound crazy
But I don't wanna let go
Now I don't mind spending every night if you don't let go

Cause I'm wrapped I'm wrapped around Your perfect little finger And I'm trapped inside the cell Of every sound she makes She is my weakness, she is my weakness
