

Odium Vice

The Warriors

Fuel manipulation.

Fuel bribery.

Fuel scavengers profiting from simony.

A lust for life, a means to an end.

Over indulgence.

Insatiable desire to have something-anger, denial of the truth.

Uncontrolled feelings of hatred and-anger denial of truth.

On a quest to lose you soul, yet equipped to not explode.

Hatred and anger, denial of the truth.

So concrete and meaningful discouraged by what I see.

Fueled by failure!

Fuel a victim of his own.

Fuel self denial followed by impatience.

Fuel envy deprived revenge and spite.

Fuel the transgressions of greed.

Insatiable desire to have something-anger, denial of the truth.

Uncontrolled feelings of hatred and-anger, denial of the truth.

Uncontrolled feelings of hatred and-anger, denial of the truth.

You can't blame anyone except yourself.

You know damn well what you reap.

Hatred and anger, denial of the truth.
