

## Shadows Of Birth

### The Warriors

We will not waste words....  
Unfulfilled, Insatiable thirst.  
Another way (Another way worth seeking light  
From the Shadows of Birth  
Break my fall  
The Life  
That's in front of me  
Minus the insanity  
Silently its trifling  
(Staring Back)  
No Cure for this weight  
(I'm staring back)  
No Cure for this weight.
