

To Finally Feel

The Warriors

I HEAR: The song of 1,000 voices
(call me)
1,000 voices remain
(Contentment kills all the pain)
I hear: - the voice of a crying son
- a song of desperate rage
- the laughter of 100 hearts
(- and the pain of 100 more)
And if you listen
All these! Cries Combine
One voice for All (Unspoken
Ties that bind!)
I've wanted for this hour -
Now it's finally arrived
I've waited for this hour all my life
To hurt, To feel, to finally feel
