

## Transistor

## The Warriors

Resist.  
The world I see is just not right.  
Were going to burn it.  
Were going to burn it tonight.  
We've got these punks locked in our sights.  
The ignorance I pledge my life to fight.  
Transistor.  
Resistor.  
Send me a death wave.  
They destroy us from the inside out.  
Let the virus corrupt us throughout.  
Resist.  
Resistance.
