

It's All Gone

The Waterboys

It's all gone, it's all gone
It's all gone, it's all gone
It's all gone, it's all gone
So send the rain, so send the rain

Send the rain, send the rain
Send the rain, send the rain
So send the rain, send the rain
Send the rain, send the rain

Because it's all gone so send the rain
Because it's all gone so send the rain
Because it's all gone so send the rain
Because it's all gone so send the rain
