

Perfect Blue

The Wedding Present

And when I turn round to glance at you, you're staring
Your eyes are such a perfect blue that I can't look away
Did I get shy, maybe I didn't make it clear
Darling I think I'll always want you near

'Cause when I'm away from you, it's like somethings missing
That sounds drippy but I swear it's true, it just appeared and
no
It wasn't rehearsed, there really was no warning
Well you're the first thing in my head each morning

The more I have
The more I want you
The more you smile
The more I know that I'll
Never make you sad
(Never make you sad)

But I should warn you
(But I should warn you)
And that I just might
Never let you out of my sight

I'm not sure just what I did to deserve you
I'm not complaining, God forbid, I just don't understand
Tell me why haven't you had enough of me?
How have I managed to make you love me?

The more I have
(The more I have)
The more I want you
(The more I want you)
The more you smile
The more I know that I'll
Never make you sad
(Never make you sad)

But I should warn you
(But I should warn you)
That I just might
Never let you out of my sight
