## **Nobody Knows Me at All**

## **The Weepies**

When I was a child everybody smiled, nobody knows me at all Very late at night and in the morning light, nobody knows me at all

Now I got lots of friends, yes, but then again, nobody knows me at all

Kids and a wife, it's a beautiful life, nobody knows me at all

And oh when the lights are low Oh with someone I don't know

I don't give a damn, I'm happy as a clam, nobody knows me at al

Ah, what can you do? There's nobody like you. Nobody knows me a t all

I know how you feel, no secrets to reveal, nobody knows me at a ll

Very late at night and in the morning light, nobody knows me at all

Nobody knows me, nobody knows me, nobody knows me at all
