

# Damned

## The White Buffalo

Well, I followed you home tonight  
In shadows, hidin' in silence  
Watching you walk inside  
Radiance swallowed in light  
But I know, it ain't right  
But for now... it's all I've got

No reason for alarm  
Not here to haunt or harm  
There's no love left anymore  
But how can I be sure  
Well, I know that you need more  
But for now... it's all I'm not

Damned if you do, damned if you don't  
Well, I wish you would, but I think you won't

The comedown is no surprise  
Delivered in blood and brine  
Make-believe wears a thin disguise  
This love's just a lonesome lie  
Well, it's broken, bottled and blind  
But for now... it's all I've got

Damned if you do, damned if you don't  
Well, I wish you would, but I think you won't

Come around, come around  
Come around, come around

Damned if you do, damned if you don't  
Well, I wish you would, but I think you won't

Damned if you do, damned if you don't  
Well, I wish you could, but I think you won't

Come around
