

Love Song #1

The White Buffalo

And I's on an island, an island for one
Burning my eyes staring at the sun, staring at the sun

And I's always silent, well had of gone deaf and dumb
I feel like a loser cause I never won, but I never won

'Til you blew in just like paper in the wind
And I just wanted something to believe in
And I just want to be your man, your friend
Carry on with you right down to the very end
Oh I'm with you
Oh I'm with you

And I's always diving, diving under the gun
Well holding on to nothing, holding onto some, well holding onto some

And I's always striving, but I'm left undone
Countin the days but the lonely don't lye, they get up and they run

'Til you blew in just like paper in the wind
Well I just wanted somethin to believe in
And I just want you on my arm, every limb
Carry on with you right down to the bitter end
Oh I'm with you
Oh I'm with you
Oh I'm with you
