

Tie Me Up Don't Tie Me Down

The White Tie Affair

I met her at a party she was all twisted up
Making a a scene it was raw and uncut
(Cut, cut)
She took me home tried me on for size
Now she's hypnotized with her eye on the prize
She says that she never wants to let me go,
She wants a white picket fence with a dog and a bone
I reply to her text LMFAO!

Why don't you tie me, tie me, tie me, tie me up
(Tie me up!)
Tie me up don't tie me down
I like it rough I like it loud,
You know how I get around
Round - round - round

I'll take the game but not the bow,
I'm not the one to stick around.
Tie me up dot tie me down
Down, down, down

Like a Louisville slugger I know how to hit it.
Two home runs and now she's addicted.
She's crazy like Gaga when she whips out the chains
She comes in the room with her po-po-poker face.
She says that she never wants to let me go,
She's looking through my e-mails and she's checkin' my phone.
(My phone)
She wants to turn my house into a home

Why don't you tie me, tie me, tie me, tie me up
(Tie me up!)
Tie me up don't tie me down
Like it rough, I like it loud
You know how I get around - round - round - round.

I'll take the game but not the bow
I'm not one to stick around
Tie me up don't tie me down
Down, down, down, down, down

Just tie me up, Just tie me up
Don't tie me down, don't tie me down
Down, down, down.

Oh! Do I need somebody?
No!
Do I want nobody?
Oh!
I just need your body on my body,
My body.
Oh! Do I need somebody?
No!
I don't want nobody!
So!
Why don't you tie me, tie me, tie me, tie me up.

Tie me up don't tie me down
I like it rough I like it loud.
You know how I get around - round - round - round.
I'll take the game but not the bow,
I'm not one to stick around
Don't tie me up, don't tie me down.
Down, down, down.

Just tie me up!
Don't tie me down!
I like it rough, I like it loud!
Down, down, down, down.
I'll take the game but not the bow.
You know how, I get around - round
Down, down, down, down, down, down, down, down, down, down, down
