

Hey, you, we just got started,
You can't end this now.
Hey, you, we just got started,
You can't end this now.

You've payed your dues, you're free,
what are you afraid?
You've payed your dues, you're free,
what are you afraid?

Taking on responsibility
knowing it will weigh you down...
Freedom is a possibility
only if you're able to say no.

People in northern Europe
since medieval times,
We find it hard to deal
with my dreams come true.

As it happens in success in a world that'll fix them out.
And if you feel up, somebody somewhere else feels down.

Taking on responsibility
knowing it will weigh you down...
Freedom is a possibility
only if you're able to say no.

Taking on responsibility
knowing it will weigh you down...
Freedom is a possibility
only if you're able to say no.
