

# It's Not True

The Who

You say I've been in prison  
You say I've got a wife  
You say I've had help doing  
Everything throughout my life

It's not true, it's not true  
I'm telling you  
'Cause I'm up here and you're nowhere  
It's not true, so there

I haven't got eleven kids  
I weren't born in Baghdad  
I'm not half-Chinese either  
And I didn't kill my dad

It's not true, it's not true  
I'm telling you  
'Cause I'm up here and you're nowhere  
It's not true, so there

If you hear more rumors  
You can just forget them too  
Fools start the rumors  
None of them are true

It's not true, it's not true  
I'm telling you  
'Cause I'm up here and you're nowhere  
It's not true, so there

You say I've been in prison  
You say I've got a wife  
You say I've had help doing  
Everything throughout my life

I haven't got eleven kids  
I weren't born in Baghdad  
I'm not half-Chinese either  
And I didn't kill my dad

It's not true, it's not true  
I'm telling you  
'Cause I'm up here and you're nowhere  
It's not true, so there

It's not true, it's not true  
I'm telling you  
'Cause I'm up here and you're nowhere  
It's not true, so there
