

Here Come A Chicken

The Wiggles

Here come the chicken, here come the chicken
Chicken down the road
Here come the chicken, here come the chicken
Chicken down the road
That chicken got the hiccups
That chicken got hiccups
That chicken got the hiccups
Somebody help that chicken, please.
Here come the chicken, here come the chicken
Chicken down the road
Here come the chicken, here come the chicken
Chicken down the road
That chicken got the hiccups
That chicken got hiccups
That chicken got the hiccups
Give that chicken some water, please.
