The Wiggles

Ooey, Ooey, Ooey, Ooey, Ooey, Allergies!

Sometimes you may think that you've got the common cold.

Your throat is really itchy and you've got a runny nose.

Your skin you need to scratch and your eyes may start to swell.

It's an allergic reaction, which is why you feel unwell.

It's an allergic and reaction, which is why you feel unwell. Uh-huh-huh.

Ooey, Ooey, Ooey, Ooey, Ooey, Allergies!

You might be playing with a pet and you start to sneeze and cough.

Try not to rub your eyes 'cause that can hurt a lot.

Not everyone's the same and there's no one you should blame.

Yes, everybody's different but allergy's it's name.

Ooey, Ooey, Ooey, Ooey, Ooey, Allergies!

They can make you have a cough, a-choo and wheeze.

It can be from the wind or the pollen in the trees.

When you feel a little sniff and a gasp when you breathe

You quickly tell a grown-up 'cause it may be an allergy.

You can have a reaction to foods that you eat.

It can be really serious with shellfish, nuts and seeds.

If you offer someone food, first check what they can eat.

You must be very careful 'cause they have allergies.

You must be very careful 'cause they have allergies. Uh-huh-huh.

Ooey, Ooey, Ooey, Ooey, Ooey, Allergies!

Some people may have eggs.

Some people may have dairy.

But other people if they have them.

It can be a little scary.
