

We're Dancing With Wags The Dog

The Wiggles

Let's shake our hips with Wags the dog
Turn your head and groove along
Shake your hands and move your knees
We're dancing with Wags the dog

Put your hands up in the air
Point them down once you've got them there
Skip along, like Wags we're doing
We're dancing with Wags the dog

Now we're singing it too
Always digging, we're all digging too

Shake our hips with Wags the dog
Turn your head and groove along
Shake your hands and move your knees
We're dancing with Wags the dog

Now we're singing it too
Always digging, we're all digging too
