

Bad Time To Be Having A Bad Time

The Wildhearts

Every minute passed of every passing day
Watching the wave we thought would last sailing away
Out into the blue and a-to the shore
Still as a darker shade of grey like never before

A bad time, bad time to be having a bad time
A bad time, bad time to be having a bad time
Well I wish that it was over, but it's only just begun
How come the sum of one and one is none?

Went to and went to fly alone
Loneliness is nothing to fear if you've never had a home
Wandering for days Stuck in the habit of packing, unpacking
Then I'm packing again...

A bad time, bad time to be having a bad time
A bad time, bad time to be having a bad time
Well I wish that it was over, but it's only just begun
How come the sum of one and one is none?

...aaaaahh ...aaaaahh ...aaaaahh-aaaaahh
Kiss me in the dark, I don't wanna see you cry

A bad time, bad time to be having a bad time
A bad time, bad time to be having a bad time
Well I wish that it was over, but it's only just begun
How come the sum of one and one is none?

How come the sum of one and one is none? (2x)
