

# Crying Over Nothing

The Wildhearts

You, with that sadness in your eyes  
You've got places you could dream to  
If you'd only take the time  
I've got the arms to break your fall  
But just angry without a reason  
And that's the baddest kind of all  
Down, down see them drown

Why do you let it get you down?  
Those empty headed heroes  
And those rumours coming round  
Tired of the people you despise  
You got so much love inside you  
That you've never exercise  
Down, down see them drown

You can't stop crying over,  
Can't stop crying over nothing  
You can't stop crying over,  
Can't stop crying over nothing, nothing, nothing

It's alright, so why care?  
If you bleed for the light I will follow you there  
'cause there's a sun kissed cloud over rained off holiday  
Holiday!

It's alright, so why care?  
If you bleed for the light I will follow you there  
'cause there's a sun kissed cloud over rained off holiday

Crying over nothing  
Crying over nothing  
Crying over nothing  
Crying over nothing (You can't stop, you can't stop, you can't stop)  
Crying over nothing (You can't stop, you can't stop, you can't stop)  
Crying over nothing (Yeah)  
Crying over
