

# Got It On Tuesday

The Wildhearts

Man overboard and the engine is down  
I've gotta make it to the Underground  
The Underground where the feeling is  
I came here looking for a little kiss  
I said a little kiss and a pat on the knee  
I'd give it up if it wasn't for free

Yeah, you're only here for the one thing  
You're only here for the one thing  
So why you leaving me waiting?  
Yeah, I bet you're tired of loosening  
Might've been a little lonely  
Might've been a little lonely  
Might've been a little lonely

I got it on Tuesday  
Just like a cheque in the mail  
I got it on Tuesday  
I got it on Tuesday

I'm back on my feet and I'm back on the floor  
My head's a-pounding and my knees are raw  
So take me in where the saints abound  
I need the sound of the Underground  
I said the Underground where the feeling is  
Nobody told me there'd be days like this

Yeah, you're only here for the one thing  
You're only here for the one thing  
It's kinda there to believe in  
Yeah, I bet you're tired of loosening  
Might've been a little lonely  
Might've been a little lonely  
Might've been a little lonely

I got it on Tuesday  
Just like a cheque in the mail  
I got it on Tuesday  
I got it on Tuesday

Yeah

(Waiting around) like there's gotta be something worth  
(Waiting around) Waiting for in this city of nothing  
I see guys on the street with a face like a camera showing  
Pictures of me like I used to be then  
There's only one small step and you're moving again

Yeah, I got it on Tuesday  
Just like a cheque in the mail  
I got it on Tuesday  
Yeah, I got it on Tuesday  
Just like a cheque in the mail  
I got it on Tuesday  
I got it on Tuesday
