If Life Is Like A Lovebank, I Want An Overdraft

The Wildhearts

On and on you wait so long
It only takes a word then you found where it went wrong
Fists, gists and communists
I feel like a log, it's a dog in onyx
Takes me a while and adjust to myself
Ooh, it was something else

Well, it was something else

If life, if life, if life, if life
If life, if life, if life, if life
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft

Yeah!

In, in, invest to gain
You go get out and you find there's nothing
Take, take, the whole world rakes
You don't get it back - that's economics
Gets to my head, is it good for my health?
And it was something else

Well it was something else

If life, if life, if life, if life
If life, if life, if life, if life
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft

Well everyone will take until there's nothing left to give

If…

Life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank, I want an overdraft
If life is like a love bank
