

## Naivety Play

The Wildhearts

Watch yourself... here it comes... aaaaah...

Try to run and you try to hide, hide your face in the other side

Sycophantic or paranoid? suck on the milk of your plan destroyed

Tell me

Where, where, where the fuck you been?

Where, where, where?

Where's the world through your palace walls? Babylon in the bargain stores

Naive says naive guess the rest, life's a play to the soon impressed

Tell me

Where, where, where the fuck you been? (3x)

The more I see is the less I learn (3x), the less I feel is the more I burn

Tell me

Where, where, where the fuck you been? (3x)
