The Wildhearts

Red light, you're lonely, and nobody cares

I'm tired of hanging round  
I'm tired of this old town  
I'm tired of all of your familiar ways  
I wanna take a trip, get on a rocket ship  
I'll be a satellite of forty days  
I'll take a pack of paracetamol  
Then I can wait 'til I don't feel at all  
Or I can take some time  
Get a grip on my mind  
Take a walk outside

Just might stay tight, I don't wanna know  
Red light-green light, stuck in a hole with you

I put a CD in my stereo  
Instead of taking the needle  
And I can pour right in, with a-patience I'll win  
'cos in an ideal world  
There'll be no time for ideals, got a

Red light-green light, get stuck in a hole with you  
Yeeeah!

Took a bit of time to see, I like being me (Yeah!)

So put the clan (yeah) in shock, (yeah)  
Get the feelings (yeah) unlocked (yeah)  
Get your wagon (move) to a check in  
And it's adios amigos, got a
