A Little More Love

The Wilkinsons

They were just Two lonely people On this big blue ball Somehow fate Brought them together In the middle of it all And tonight They're out there dancing Spinning 'round And 'round And there's a Little more love In the world tonight A little more light In the stars A little more grace In this vast universe Starting with this Boy and girl There's a little more love In the world tonight (tonight) The sun will still come up tomorrow Nothing much will change But for these two Lonely people Life will never Be the same It may not make A lot of difference In the grand design But there's a Little more love In the world tonight A little more light In the stars A little more grace In this vast universe Starting with this Boy and girl

There's a little more love In the world tonight (tonight)
