

# A Ship Like Mine

The Williams Brothers

There was this watchman who worked on a ship yard  
His job was to lookout from the watch tower and communicate  
and locate the ships out on the sea  
Then notify the other employees, so they can be prepared to unload when the  
ships came sailing to shore  
Well\_\_ one evening he fell asleep up in the watch tower  
And while he was sleep he had a dream and in his dream God saved him and fil  
led him with the Holy Ghost  
When he awakened he knew, that he was a changed man  
Kind of being happy he rushed down to tell his boss,  
He said, \"boss man another ship, just came in\",  
The boss man said well, why didn't you notify somebody about it  
He looked at him and said,  
I'm talking about my SHIP!!, ship of salvation  
He said, \"I want you to do me a favor\"
