

# Holding On

The Williams Brothers

I'm just holding on  
I'm just holding on  
I'm just holding on  
Holding on and I want let go my faith  
Go my faith  
(Repeat)

I believe in the Father and His Son  
Holding on to my faith  
I got the religion when I was very young  
Holding on to my faith  
I'm a Christian saved by grace  
Holding on to my faith  
I've been through hard trials running this race  
Holding on to my faith

(Repeat Chorus)

I've been ostracized and I've been criticized yet I am  
Holding on to my faith  
The things I have to suffer bring tears to my eyes  
Holding on to my faith  
Satan is busy stirring up wrath  
Gathering stones to block my path  
My enemies are inflicting all the hurt they can  
By throwing rocks and hiding their hands  
You dig one ditch you better dig two  
For the trap you set just might be for you.  
Lord put it in my heart and you can't take  
My soul's on fire and your word can't harm me and I am

Working  
Toiling  
Hoping  
Praying  
Waiting  
Watching  
Testing  
Believing (5xs) ([6] In the Father; [7] In the Son; [8] In the Holy Ghost)

Holding on and I want let go my faith  
Go my faith

I just holding on  
Oh  
Holding on to my faith  
(Repeat)

You can't stop me  
You can't turn me  
You can't forsake me  
You can't make me

No, no, no I want let go (12xs)

Holding on and I want let go my faith  
Go my faith

I remember the day I remember the hour  
The Lord saved me with His Holy power  
Wish you had a been there when I came through  
The church was on fire with the Holy Ghost too  
I know for myself that I've been change  
The angels in heaven done signed my name

He put runnin'  
In my feet  
He put clappin'  
In my hand  
In my heart He put (love, peace, joy)  
In heart

Hold on (22xs)

Hold on  
Hold on  
(6xs)

Holding on and I want let go my faith  
Go my faith
