

Love Will Never Die

The Winans

Some feel that it's hard to say I love You
Others feel that love is dead and gone
And if you thought that love won't help you face tomorrow
Then I hope these words will keep you hanging on

Chorus:

Love will never die
No your heart won't ever hear the words goodbye
Only love can open your eyes
So look around and let someone know Love's alive

Verse 2:

When I look around and see the situation
It's enough to make me hang my head in shame
And without the hope of knowing Loves the answer
I would feel that we would conquer any

Chorus (2x)

Bridge:

Cause everytime I wake up
Love surrounds me
And He stays with me from sunrise
Till the shining moonlight
When we get discouraged
There's a tiny voice that whispers
Says to me remember

(Music plays)

Chorus

Ending:

Look around and let someone know Loves alive
