

We Are One

The Winery Dogs

Deep in this fight to survive, always hurting
Alone in the dark with no light, always searching

Keep us lost in our devices
Blinded, broken, and deceived
Time has come to be the righteous
Stand up and fight the power

There's no way they can stop us now
We're the stars tonight and we are one
There's nobody that can bring us down
We're united, and they don't want us to be

Come to this day where our lives can't be broken
Now here we are with our future wide open

Time has come for us to rise
From the depths of their disease
There's no hope if we divide
Stand up and fight the power

There's no way they can stop us now
We're the stars tonight and we are one
There's nobody that can bring us down
We're united, and they don't want us to be

We are one and won't be shaken
It's our prophecy
and the light is on for the taking
Stand up and fight the power

There's no way they can stop us now
We're the stars tonight and we are one
There's nobody that can bring us down
We're united, and they don't want us to be
They wanna keep you on the ground with a foot on your neck
Make you feel like you're defeated
