I'm Coming Home (mama)

The Wolfgang Press

Wash the flags - I'm coming home I've packed my bags - I'm coming home Shave your head - I'm coming home Save a place - I'm coming home I'm coming home, I'm coming home mama Raise the dead - I'm coming home Hold your breath - I'm coming home Shave your legs - I'm coming home

If it was left to me I would not wait To show off all the saints I've saved If it was left to me I would not shake This feeling that you give, that you give If it was left to me I would not wait I saved a place in there You won't see me hang the gate unwide As I have done so many times I simply shake I simply shake I shake Light the fires - I'm coming home Keep the wolf from the door - I'm coming home I've something here to cool me down [cool me down] And theres not a single sound

You show me your face, you show me your eyes You give me the waves, oh you give me life You show me your arms, you show me your legs You give me the ocean, oh don't give me the rest, the rest Save me, save me Save me, save me

You show me your arms, you show me your legs You give me the ocean, oh don't give me the rest, the rest You show me your face, you show me your eyes You give me the waves, oh you give me life, oh life Save me, save me Save me, save me

Here comes the ocean Here comes the ocean Save me, save me, save me I'm wrapped up in hope I'm wrapped up inside You give me the waves, oh you give me life and light Save me, save me Save me, save me

You've got the fire, yes, you've got the fire
