King Of Soul

The Wolfgang Press

If you don't listen up, you're askin' to be told If you had a walk like mine, you'd crown it the king of soul Maybe I don't want it You take anybody I can't afford it Shake hardening like a fire Too many body swerves and lose control I wonder, am I right or am I gettin' old? My eyes have seen the glory but my body's on hold I hope I get to Heaven before the devil knows I'm cold Mr Jack The hungry feed my only hole 'Cause if you had a head like mine you'd crown it the king of s oul Shake my Bible Walk on my hands Rub out making your first mistake I've been told Maybe I won't like it If you won't listen up, you're askin' to be told If you had a head like mine you'd crown it the king of soul Too many body swerves and find control I wonder am right or I'm getting too old? 'Til my eyes have seen the glory but my body's still on hold I hope I get to Heaven before the devil knows I'm cold Mr Jack The hungry feed my only hole
