

# Don't Let Me Cave In

The Wonder Years

You drove me all the way up here  
cause you could tell that I was a mess  
I wasn't going to make it to dinner  
And I shouldn't be calling again  
You drove me all the way back

I circled the airport a hundred times  
and tried to hide the fact that I was crying  
I came in on the red eye  
That's why I look like this  
There comes a day when you rectify  
who you are with who you want to be with  
And I can't make the two things co-exist  
So don't let me cave in

You drove me all the way up here  
cause you could tell that I was a mess  
I wasn't going to make it to dinner  
and I shouldn't be calling again  
You drove me all the way up here  
And asked if we could stay in bed  
You still got work early tomorrow  
and I've got a plane to catch  
You drove me all the way back

I spent last night getting Mexican  
Outside a Logan Square basement show with Evan  
Chicago looked desperate  
But maybe that was me  
I couldn't help thinking of watching  
the Sears Tower collapse as a kid  
I feel like I might do the same thing  
So don't let it happen to me  
No don't let it happen to me!  
(So let it happen to me)

You drove me all the way up here  
cause you could tell that I was a mess  
I wasn't going to make it to dinner  
and I shouldn't be calling again  
You drove me all the way up here  
And asked if we could stay in bed  
You still got work early tomorrow  
and I've got a plane to catch  
You drove me all the way back

I tried to make a life in the Midwest  
but the rust belt keeps breaking promises  
I can't seem to find out where my footing is  
So don't (don't don't don't)  
let (don't let me cave in)  
So let me cave in  
(don't let me cave in)
