

# Where My Baby Might Be

The Wood Brothers

I was just killin' time  
Waitin' on a train  
Out back pitchin' pennies  
Tryin' to stay out of the rain  
Caught a Southbound freight  
Down to Memphis, Tennessee  
That's where my baby might be

Well I hit the ground runnin'  
On the outskirts of town  
Walked down by the river  
Just to take a look around  
Met up with a stranger  
He seemed to recognize me  
That's where my baby might be

Silhouette in the distance  
Like I seen before  
I walked down the street  
And up to the door  
If you drag that river  
All the way to the sea  
That's where my baby might be  
My baby might be
