

Never Forget

The Word Alive

And now we're all finding out
how hard it is to lose
Someone, you never thought you'd live without
where have you gone?

We'll never get the chance
to let you know how we felt
To let you know what you meant
and all the things you lived for

The show must go on!
The show must go on!

There'll never be
another one like you
We'll never forget
Moving on,
we know that we have to
you left behind a mourning world

Now all your love
They sing your songs
It's in memories
That you'll live on

Your life wasn't in vain
Without you here nothing's the same

Now I have the chance
to tell them what
What they mean
What I feel
I can't leave these words unsaid
Left unsaid

What they mean
What I feel
I won't leave these words unsaid

There'll never be
another one like you
We'll never forget
Moving on,
we know that we have to
you left behind a mourning world

Now all your love
They sing your songs
It's in memories
That you'll live on

I keep replaying everything you said to me
The stage is everything
These songs mean everything
I keep rewinding the painful memory
The day you left us will always haunt me

There'll never be
another one like you
We'll never forget
Moving on,
we know that we have to
you left behind a mourning world

Now all your love
They sing your songs
It's in memories
That you'll live on

You'll live on!
