## The Word Alive

I am a creature,  
who lies in wait.  
I'm not the man you think I am.  
I will bring you down.

I can't relinquish my grip.  
I know that you're breathing but do better than this.  
I can't relinquish my grip.  
I know that you're breathing but do better than this.

Don't believe in me.  
I'll bring you down.  
You know I want you to drown.  
I'm water in your lungs.  
Don't believe in me.  
I'll bring you down.  
I will bring you down.

I am the darkness in your life, why you can't sleep at night.  
I am the weakness of your mind, your life is mine.  
Mine.

I can be, I can be... Who I need to be, need to be.  
I am transforming.  
I can be, I can be... Who I need to be, need to be.  
I am transforming.  
You won't like what you see.

Don't believe in me.  
I'll bring you down.  
You know I want you to drown.  
I'm water in your lungs.  
Don't believe in me.  
I'll bring you down.

I've ruined everything I love.  
I've thrown away almost everyone.  
I've ruined everything I love.  
I've thrown away almost everyone.

Don't believe in me.  
I'll bring you down.  
You know I want you to drown.  
I'm water in your lungs.  
Don't believe in me.  
I'll bring you down.

Don't believe in me, I'll bring you down.
