The Word Alive

I am a creature, who lies in wait. I'm not the man you think I am. I will bring you down.

I can't relinquish my grip.
I know that you're breathing but do better than this.
I can't relinquish my grip.
I know that you're breathing but do better than this.

Don't believe in me. I'll bring you down. You know I want you to drown. I'm water in your lungs. Don't believe in me. I'll bring you down. I will bring you down.

I am the darkness in your life, why you can't sleep at night. I am the weakness of your mind, your life is mine. Mine.

I can be, I can be... Who I need to be, need to be. I am transforming. I can be, I can be... Who I need to be, need to be. I am transforming. You won't like what you see.

Don't believe in me. I'll bring you down. You know I want you to drown. I'm water in your lungs. Don't believe in me. I'll bring you down.

I've ruined everything I love. I've thrown away almost everyone. I've ruined everything I love. I've thrown away almost everyone.

Don't believe in me. I'll bring you down. You know I want you to drown. I'm water in your lungs. Don't believe in me. I'll bring you down.

Don't believe in me, I'll bring you down.
