

Hijackers

The Working Title

Pushing through salahad-din
someone knows what happens
and if you get down you might not die
kill the men and children

Take the goods and women
oh if you go home you might not die

Hide on the ground (2x)

Don't make a sound (2x)

We will uncover you

Blood on the ground (2x)

Deafening sounds (2x)

They would take turns with you

Up and down the sand is
making me feel ages
of heinous abuse i might just die
mercy comes if given
i am not Elohim
so if you show none you might just die
