

Faster Gun

The Wrens

Five state-school lots
Five girls at cost
That thing we know
The whole township lost, but...

Maybe it's love
Maybe run luck
I'll man the bed
And hammer out love

Snow scenes level lonely bastards

Eight feet of earth
The whole thing suddenly worth
Faster gun
Main motor down
And no shot left at the crown
Faster gun

Black jetty rock
Rock splitter's shot
Saddle creek stars
I miss them a lot , but

Cable-car heights
Cable snaps right
Each devil out
Out finding fights

Snow scenes level lonely bastards

Eight feet of earth
The whole thing suddenly worth
Faster gun
Main motor down
And no shot left at the crown
Faster gun
