**The Wrens** 

You're the one I want You're a chance to take You're a heartbreak And swore you'd never leave again

You're the only one That i ever trusted Or who ever cared at all

Is this how it's going to be? Is this how you wanted me Broken down again It's almost over now

Is this why you wanted me To watch as you walk away You kept on killing me And you don't even want to touch me You don't even want to touch me

I was wrong I've wasted on Can't figure out What happened to us I won't count On you anymore I'll be alright Don't worry about me Aren't you happy now Got what you want I wanted you But i'm over that now I'm over it

I'm so sick of you What we went through Your lies to me Won't win again So don't kid yourself It's better this way It's all back to me
