

## Think About It

The Yardbirds

When will the clouds all roll away?  
When will the good people have their say?  
I hope you're still round to see the day.

[Chorus: x2]  
Take a while,  
Think about it.

Who can tell what is up or down?  
You can be the king or be the clown.  
Then climb your tree, take a look around.

[Chorus]

Circles of life, an infinite plane,  
That which is now now will be again.  
Who can decide who is insane?

[Chorus]
