

# Defiance

The Young Veins

There was a hope when we found the bridge  
Of a place we had never been in defiance  
And ever since I was a kid they said just stay away from there  
Boy don't you ever live in defiance  
Defiance

From the outside looking in I sure do make an easy target  
It's nice to think that you are always wanted  
I'm not afraid to laugh and I don't mind taking photographs  
Because you don't ask for my autograph in defiance  
Defiance

Now she said that it was rust and lead  
That love could never live again  
But we found a way to make it stay  
In defiance, she asked, defiance, she asked

Can't we just be friends?  
This kinds of thing always happens  
I fell in love again with defiance  
In defiance, of defiance  
Defiance  
Defiance
