

Nothing Matters But You

The Young Veins

Since we met

I sit around and want you

I don't do the things I oughta do

I'm so in love I let the world go by me

Nothing matters but you

Nothing matters but you

Every dream I dream

I dream about you

Lovin you is all I want to do

I'm so wrapped up that nothing can untie me

Nothing matters but you

Most folks need a world to conquer

Something big to do

They don't know the worlds I conquer

When I'm kissing you

Let them all go chasing after rainbows

I have found my pot of gold in you

Your love is all I need to satisfy me

Nothing matters but you

Nothing matters but you
