

## I Don't Want to Know

The Zombies

If you can't find better things to do  
Than tell me stories about her that you think are true  
I don't wanna hear anything about her that's bad  
I don't wanna hear anything that makes me sad  
I don't want to know (I don't want to know)  
I don't want to know (I don't want to know)  
I don't want to know; you'd better turn around & go  
I don't want to know

I don't wanna listen; I'm not gonna hear you  
I believe what I want, no matter what you do  
I don't care, don't want another word of anything you say  
I don't wanna hear anything; you just keep away  
I don't want to know (I don't want to know)  
I don't want to know (I don't want to know)  
I don't want to know; you'd better turn around & go  
I don't want to know
