

## Let It Go

## The Zombies

I wonder why  
For heaven's sake  
You criticize  
All my mistakes  
And all the while  
My poor heart breaks  
You just don't let it go

Well, I think about you  
Night and day  
How could we ever  
Be this way  
When did love finally  
Slip away  
I guess we'll never know

Let it go  
Let it go  
Shout it loud  
From high and low  
Just listen to your heart

I long to see you  
Back again  
In sunshine after  
Summer rain  
That washed away  
The hurt and pain  
So we would never know

Let it go  
Let it go  
Shout it loud  
From high and low  
Just listen to your heart
