

Show Me the Way

The Zombies

Show me the way to get back home
I miss you
Ever since you've been gone

Show me the way to get back home
I'm sorry now
For the things I've done wrong

If I bleed
Would you free me?
Though I still got a long way to go
What you see here
Is the real me
I never dreamed that I could hurt you so

In my mind you're special

Show me the way to get back home
So lonely
Ever since you've been gone

Show me the way to get back home
I'm sorry now
For everything that I've done

If I bleed
Would you free me?
Though I still got a long way to go
What you see here
Is the real me
I never dreamed that I could hurt you so
In my mind you're special

Show me the way to get back home
So lonely
Ever since you've been gone
Show me the way to get back home
I'm sorry now
For all that I've done
