

# Together

The Zombies

How can I tell you how much I still love you  
I've never had to pretend  
Gonna be with you always forever  
Together now until the end my friend

I still remember the night that I met you  
Thinking that something could start  
And from that moment could never let you go  
Together now from the start

And I've come to need you  
Like flowers need the rain  
Have to love you  
As much as seasons have to change in time

Gonna be with you always completely  
Together now and from the start

And I've come to need you  
Like flowers need the rain  
Have to love you  
As much as seasons have to change in time

Even the worst times we've been through together  
Never have pulled us apart  
I'm just so glad to be close as ever  
And still in love with you sweetheart
