```
Woman
When I walked with you last night
My mind
Saw that you'd soon hold me tight
I can't concede, no
I can't believe you love me too
You don't
Realize what you can do
I just sympathize but still it's true
I can't concede, no
I can't believe you love me too
Woman
When I walked with you last night
My mind
Saw that you'd soon hold me tight
I can't concede, no
I can't believe you love me too
No, no, no
I want you to understand my mind
Seems that girls that do are hard to find
I can't concede, no
I can't believe you love me too
