

## How Does It Feel?

The Zutons

How does it feel to have love to have lost  
And I know how to feel anymore  
And how many times do you have to be cruel to be kind  
And show feelings the door  
Well isn't it strange how much you can change in a year or a minute or more  
How can it go from so good to so bad and my soul is now squished on the floor

How does it feel on your own and you can't even deal with yourself

How can I move when the ground is so loose  
And the sun wants to peel off my skin  
And how can I laugh when my mouth is held back  
And I'm struggling now just to grin  
I hold myself up till I run out of luck  
While the world carries on in a spin  
And now it's so real and it's paying off well cos my feelings are letting me in

How does it feel on your own and you can't even deal with yourself

I've been asking the same old questions time and time again  
I find that I don't want to live this life but I know that I'll have to pretend  
Cos everyone's hiding from the truth and they're just lying to themselves  
How do you expect me to deal with this when I can't even deal with myself

How does it feel on your own and you can't even deal with yourself
