Universal Race

Theatre of Tragedy

The pulsing of the flare reflected in the air Stick-stuck goggles deflecting the stare Underground, overdrive Countdown, take off We're gone, they're here Head for planets far and near Don't know what upsets you We're gonna take you to the outer space Find planets - red, blue Let's make a universal race We're gonna take you to places never seen A rigid-like gesture since we were nineteen Inner space, outer space Head off, head on Slot in, interface Bounce back and forth like electrons We're gonna take you to planets never seen Solar systems run by machines Out of code Crash, reboot 'Redo from Start', who is he anyway? Don't know what upsets you We're gonna take you to the outer space Find planets - red, blue aha Let's make a universal race.
