

Bring Me Back in Techno Trance

Theatres Des Vampires

My mind is blind
There is no blame
I can't escape

I can't refrain
There is no time
So far from life
I start my game
I feel alive

Give me my self control
Bring me back alive
I cannot stay anymore
Bring me back this time

The chain of pain
I feel its blade
I'm trapped in this
Amorphous shape

Confused brain
It makes me blind
In this state of war
I feel alive

Give me my self control
Bring me back alive
I cannot stay anymore
Bring me back this time

My mind is blind
There is no blame
I can't escape
I can't refrain
There is no time
So far from life
I start my game
I feel alive
