

# Forget Me

Theatres Des Vampires

Down to decadence  
Falling down from heaven  
My first step to hell  
I fall apart from life

I share my pain with mud  
There's no dignity  
Everyday I die  
I die for their desire

Afraid to loose your self control  
Afraid to loose your perfect life  
Afraid to loose your way

Here I am just a freak  
With my silence  
With my dreams

Here I am just a freak  
With your silence...

Forget me...

A lullaby of horror  
None should look behind it  
The land of unicorns  
The land of lies and liars  
Cause the death is fast  
And life is walking so slow

Through the gate of pain  
Down to decadence

Afraid to loose your self control  
Afraid to loose your perfect life  
Afraid to loose your way

Here I am just a freak  
With my silence  
With my dreams

Here I am just a freak  
With your silence...

Forget me...
